You can overlook the island from the south to the north.

The main house holds 4 bedrooms, 3 with bath en suite and 1 separate bathroom, as well as a separate guest house with a cosy little apartment and bath en suite, without A/C. Next to the guest house is a newly installed sauna with a great view, which is perfectly integrated into the surrounding area!

The loft-like living area is equipped with a designer kitchen, a 5,5 m long dining table, a designer bar and spacious living room. The sophisticated designer illumination creates a special ambience at night. The indoor and outdoor kitchen are separated by a glass wall and door. A cosy table setting under the roof of the outer terrace is perfect to enjoy a glass wine or two at night.
