## Description

This exquisite three bedroom residence can only be described as breathtaking. Barley Beach Luxury Penthouse in Bakoven, Camps Bay, sets a new standard for luxury seaside living, offering pure glamour for the most discerning of guests.

With endless views of the Atlantic Ocean, this beautiful retreat is the epitome of relaxed, luxurious seaside living. Designed to offer guests an intimate sanctuary with unobstructed ocean views, this five-star apartment leaves no stone unturned when it comes to luxury living.

The multi-level penthouse offers unobstructed ocean views from all rooms, while sliding glass doors and floor-to-ceiling windows create a seamless connection between indoor and outdoor spaces.

From the covered underground parking, the elevator provides access to the apartment, which opens to a beautiful, two-story living area stylishly furnished with designer décor and beautiful artwork. The open-plan living area features a comfortable lounge with a gas fireplace, a large smart TV and a dining area with a 10-seat dining table. Glass sliding doors from the lounge open onto a large shaded terrace with a heated swimming pool, outdoor lounge, sun loungers and stunning 180-degree views of the sea. The terrace wraps around the side of the building where there is a bar area with a gas grill and all the facilities for outdoor dining.

The living area flows seamlessly into a modern, open kitchen with high-end Miele appliances, including a state-of-the-art coffee maker, convection oven, microwave, dishwasher, and washer/dryer. There is ample cabinet space in the kitchen, and a breakfast bar with four stools is ideal for casual entertaining. A private guest bathroom is located just off the living area.

The stylish decor and cool gray tones of the second floor transition to the second floor of the apartment, where the three bedrooms are located. These include a beautiful master bedroom with en-suite bathroom and two guest bedrooms, one with en-suite bathroom and the other with its own private bathroom.

The apartment is completely secure with on-site security and private tag access. It has two dedicated parking spaces in an enclosed garage under the building and direct access to the apartment is via an elevator that can only be used with a tag.
