Description

Welcome to Tengile River Lodge.

Situated in a perfect position on the banks of the Sand River, with sweeping river views from every vantage point, lies Tengile River Lodge. Meaning 'tranquil' in the local language, the lodge certainly has an advantage over all others in the Sabi Sand Game Reserve. The location benefits from a great diversity of wildlife including, the Big Five as it neighbours and shares a 50 km (31 mi) unfenced boundary with the Kruger National Park. World-renowned for its prolific leopard sightings, strict vehicle limits at sightings ensure the exclusivity of an up-close game viewing experience with game drives traversing an area of 10,500 hectares (26,000 acres).

This magnificent lodge features nine enormous, air-conditioned, secluded suites, dotted in the dappled shade of the bushveld, each with panoramic river views. In addition to a master bedroom, bathroom and outdoor shower, there is a lounge, dining area, fully-stocked bar, coffee station and outdoor seating and dining area that is guaranteed to take your breath away. A private lap pool on your spacious private deck comes complete with a sunken outdoor lounge looking out onto the famed Sand River. For families, two of the lodge's suites are joined by a covered walkway to create a family suite. Choose from a variety of exciting activities such as twice-daily game drives and evening safaris, interpretive bush and nature walks, photography lessons, birdwatching, star gazing, private and photographic safaris.
