The Finca Can Respira, located on the outskirts of Santa Margalida, is a small, exquisite hideaway. The interior of the house exudes a distinctive charm and immediately gives everyone the feeling of arriving. The selection of materials and furniture is harmoniously coordinated and promises relaxation and well-being.

In just a few minutes, you can reach Playa de Muro, one of the most beautiful beaches on the island. In Santa Margalida, you will find a supermarket and small shops without encountering large tourist crowds.

Specials

The house is excellent for families, including those with small children, due to its size and courtyard. Dogs are also allowed upon request and can freely roam in the courtyard, always finding a shady spot.

On the ground floor, there is another cozy room that is perfect for a siesta or an extended yoga session.

General Information

The ground floor presents itself as an open living space with an open entrance area, kitchen, dining area, and cozy living room. From here, you can access the protected terrace area with a small pool.

Upstairs, there are 3 bedrooms and a second living area that features a freestanding bathtub as a highlight. From the rooftop terrace, you can enjoy a view into the distance, overlooking the adjacent meadows and fields.
