Description

Can Ramo, a lovingly restored farmhouse in the typical Ibiza style, combines traditional charm with contemporary elegance. The thoughtfully designed layout creates a harmonious balance between intimate bedrooms and elegant communal spaces. Authentic sabina wood ceilings and natural stone walls, complemented by arched doorways and intricate corning, lend the property a rustic charm and refined elegance.

The house features five luxurious ensuite bedrooms. The master suite on the first floor includes an antechamber that leads to a sunlit bedroom with an outdoor shower and stunning views of the countryside.

In 2024, Can Ramo underwent a comprehensive renovation and now offers modern amenities such as stylish indoor and outdoor lighting. The centrally located kitchen, the heart of the home, is situated between the sheltered outdoor dining area and the elegant salon. An additional service kitchen supports efficient food preparation and storage.

The exceptionally large pool (16m x 6m) with a saltwater system is gentle on the skin and hair. The lavish pool area, surrounded by an orchard of citrus, olive trees, and palms, offers shaded outdoor dining areas, a spacious terrace with 8 sun loungers, and a day bed at the end of the pool, perfect for enjoying sunsets. Lush trees provide cooling shade on hot summer days and enhance privacy across the 8000m² plot.

Can Ramo has evolved from a traditional finca floor plan to a modern comfort estate. The master suite encompasses 120m² on the first floor with countryside views, an outdoor shower, a walk-in dressing room, and a spacious living area. Three bedrooms in the main house are connected internally, while two additional bedrooms have independent access and private covered terraces with outdoor sofas.
