## Can Noemi

### Location and size

Country	Spanien
Region	Ibiza
Capacity	16

### Quick Facts

Bedrooms	8
Bathrooms	8
Rental Rate	on request

## Description

Can Noemi is a retreat that is in perfect harmony with its stunning natural surroundings. This elegant and sophisticated 8-bedroom residence is characterised by the generous use of natural materials and expansive glass facades that flood the interior with abundant natural light throughout the day. The Ibiza villa is set in a sprawling 30-hectare coastal pine forest, where thoughtful landscaping extends the transition from the lush interiors to the vibrant greens and earthy colours of the outdoor areas and gardens.

Can Noemi beautifully combines diverse architectural inspirations with outstanding interior design. Carefully designed partitions offer the versatility of modern living while maintaining a deep connection to the stunning surroundings. The property offers a unique blend of tropical and Mediterranean plants that create a tranquil oasis for a special holiday surrounded by nature.

The interiors exude elegance while capturing the essence of the Balearic lifestyle, creating a sense of calm and relaxation. Natural materials and colours are used throughout the house, including in the communal areas such as the living room and kitchen.

Each of the 8 bedrooms has an en-suite bathroom and has been designed to provide a private retreat that draws the beauty of the gardens inside. The bedrooms feature fine finishes, desert tones and bespoke joinery. The bathrooms are spacious and flooded with light thanks to large floor to ceiling windows. Other features include a 25 metre swimming pool, a pool chill-out area, a large covered terrace with lounge and dining area, an outdoor kitchen and an organic vegetable garden.

The property is environmentally friendly and sustainable, powered by 50 solar panels that ensure complete energy independence.
