Description

Villa Be Two is characterised by its unmistakable style: modern works of art, impressive paintings and artfully arranged sculptures and furniture can be found throughout the house. Upon entering the villa, you are greeted by a state-of-the-art, luxurious kitchen, which is harmoniously connected to a spacious dining area with a solid wooden table for up to 20 people.

The pool deck, with its stylish sun loungers and Ibiza-inspired sofas, invites you to enjoy the breathtaking views while cooling off in the refreshing pool.

Three of the six bedrooms are located on the ground floor. The master suite, which is located at the rear of the villa, offers a magnificent view of both the pool terrace and the picturesque Ibizan landscape. The 180° view from the luxurious bed is unforgettable. The elegant gold and white design continues in the spacious master bathroom, which is equipped with double washbasins and a magnificent shower.

The two further bedrooms on the ground floor are cleverly distributed on either side of the main entrance to maximise privacy.

The lower floors of the villa are in no way inferior: Three further spacious bedrooms are exquisitely decorated, each with unique furniture and ornaments. Each of these rooms has its own small kitchen and a spacious, individual bathroom. Through floor-to-ceiling sliding doors, guests have direct access to the garden and can enjoy the marvellous view. Between the bedrooms there is also a fitness area and a spa room, which is perfect for both strenuous workouts and relaxing massages. Mood lighting creates a special atmosphere here.

The property, consisting of two impressive villas, offers large groups the opportunity to enjoy a luxurious stay in one of Ibiza's most exclusive residential areas, Can Furet. Villa Be One offers four en-suite bedrooms, including a children's room, while Villa Be Two comprises six luxurious bedrooms with large bathrooms and kitchenettes.

Villas Be One and Be Two can be rented together or separately. Together they can accommodate up to 20 people and share an impressive roof terrace. This spacious roof terrace features an open-air cinema, a sound system, a large dining table for up to 30 people and a breathtaking 360° panoramic view of the entire island.
