Description

This beautiful house has been restored with great attention to detail and to the highest standard, preserving the original charm, characteristic features and unique style that make this Mediterranean property so special.

Nearby is Cala Deia, the only but enchanting pebble beach in Deia. With its crystal-clear water and natural rock pools, it is one of the few beaches on the west coast of Mallorca.

In the heart of the picturesque village of Deia, considered one of the most beautiful on the island, this house offers two terraces. The first terrace offers breathtaking views of the sea and is perfect for breakfasts or sunset dinners. The second terrace has an infinity pool and offers magnificent views of the village, the gardens of the famous La Residencia hotel and the impressive Tramuntana mountains.

The house boasts a spacious, open-plan living area with a modern, fully equipped kitchen, a dining area and a cosy living room. There are also four tastefully furnished bedrooms, each with its own bathroom. The house does not have air conditioning.
