Description

Villa Tagomago is a modern, renovated villa with enough space for 8 people. In summer you can enjoy the wonderful covered and open terraces, a courtyard open to one side with a large dining table and well-kept lawns with the kidney-shaped pool. The air conditioning throughout the house keeps the rooms pleasantly cool.

In winter, the underfloor heating provides cosy warmth inside the house. Each bedroom as well as the living room are equipped with Sat TVs and WiFi is available throughout the house.

The house is located in an upscale and quiet residential area. In a few minutes by car you can reach the centre of the village, the Philippe Starck Design harbour Port Adriano or one of the beautiful beaches in the southwest of the island. The island's capital Palma is about 20 minutes away by car and the airport is about 30-40 minutes away, depending on traffic.

Specials

The underfloor heating via air/water heat pump provides cosy warmth in the cool months and the air conditioning in all rooms keeps the house at a pleasant temperature in summer.

The property has very nice lawns and chill out areas on the covered terraces. A Weber gas barbecue is also available.

One bedroom is a separately accessible apartment that can also serve as staff accommodation.
