Description

Ses Aigos is an exceptional finca dating back to the 18th century, preserved for the love of art, history and tradition. The property is hidden between high ivy, palm trees and conifers and impresses with a particularly beautiful view over the Mallorcan landscape to the sea.

The property offers three separate living areas, each with a kitchen area. This creates the perfect balance for a stay with friends or family. The main living area includes two bedrooms and two bathrooms. The two guest living areas each offer a bedroom, a terrace and a kitchen in a pretty, rustic country house style. In the center of the house there is also a patio with almost 3 m high palm trees and a tropical atmosphere. In this beautiful ambience you can enjoy a dinner or a mild night with music and drinks with your loved ones. A smaller dining area offers a fireplace for those colder and cozier evenings. In the house you will also find several small lounges, like small oases of retreat. The insulating depth of the walls creates a pleasantly cool climate on warmer days. The 20 m outdoor pool also provides refreshment.

Specials

Ses Aigos is located on the beautiful southeast coast of Mallorca. You will find everything you need near Calonge, a small charming village. Bars, restaurants, shops and a small weekly market on Thursdays. Beautiful beaches such as Cala Mondrago, Cala Santanyi and Cala Llombards are just a few kilometers away. If you fancy a bit of culture during your holiday, the "Castell de Santueri" is located directly above the finca. There you can not only enjoy the impressive 14th-century castle, but on a clear day you can also enjoy a remarkable view of the south-east coast of Mallorca and the Cabrera Islands. The airport is only 50 minutes drive away.
