Description

The Majestic Skye Villa can only be described as spectacular! This beautiful home is located in the sunny neighborhood of Green Point and offers breathtaking 360-degree views of Table Bay. The spectacular villa spans four floors and is designed to seamlessly blend the indoor spaces with the outdoor areas.

A beautifully landscaped garden area with swimming pool and a large terrace with lounge décor is the perfect place to relax with a sundowner. A glass elevator connects the lower lounge to the three levels of the villa. The lower level of the house features one of two lounges with large sofas, a flat-screen TV, a fully stocked bar with a bar counter and custom wine fridge, a built-in minibar refrigerator, and a guest bathroom. Also on this level is a bedroom with a king-size bed and an en-suite bathroom with a walk-in shower, soaking tub, heated towel rails and a single sink. This bedroom and living area has the luxury of opening onto the pool deck, providing a beautiful outdoor area with stunning views.

The second level of the villa is accessed by stairs or the elevator and offers spacious, open living, dining and entertaining areas, as well as a beautiful, expansive terrace overlooking the bay. A large, fully equipped kitchen with modern amenities, including gas and electric stove, microwave/oven combination, double-door refrigerator and large freezer, is ideal for guests. In the center of the kitchen is a handsome breakfast bar with seating for three, and a scullery with washer, dryer and dishwasher.

Decorated in rich earth tones, the living spaces on the main level of the home are spacious and bright, flowing seamlessly through floor-to-ceiling sliding doors. The open dining room features an elegant dining table with seating for eight and a second living room with large, comfortable sofas and designer decor.

The lounge has a beautiful wood-burning fireplace and grand piano, as well as a stylish office space with a large desk and plenty of workspace ergonomically tucked under the stairs. The living areas open to an expensive terrace with an outdoor lounge and dining area and spectacular views.

On the third level of the villa are three huge bedrooms with exquisite decor, walk-in closets and breathtaking ocean views. All bedrooms feature exquisite artwork on the walls, plenty of space to relax, and top-notch amenities such as underfloor heating and air conditioning. 2 of the bedrooms are equipped with flat screen televisions.

The master bedroom has a king-size bed and an en-suite bathroom with a freestanding bathtub, walk-in shower, heated towel rails, and dual sinks. There is a spacious walk-in closet with a professional makeup mirror and the room has floor-to-ceiling windows with gorgeous views of the bay.

The other two bedrooms have 1 x queen size bed (can be converted into 2 single beds if desired), 1 x king size bed. Both have en-suite bathrooms with walk-in shower, bathtub, heated towel rail and single vanity. They also have beautiful views through large windows.

Also on the third level is a private cinema room with comfortable power reclining chairs and a large projector TV for watching movies in style.
