Description

Nestled on the mountainside in one of Cape Town's most exclusive suburbs with majestic views across the Atlantic Ocean, you will find Villa Fontaine. This architectural masterpiece designed by the Internationally renowned firm SAOTA and complemented with interiors by design leader ARRCC make this an award-winning combination offering the ultimate luxury.

The Master bedroom encompasses the entire top floor giving a penthouse feel from the rest of the house. The second level of the villa has been designed to be the ultimate entertainer's paradise. A collaboration of metals, wood, designer lights, limited edition furniture and art pieces are scattered throughout with pops of colour that reflect the uplifting energy of this area. This is complimented with the open plan living area which flows to the front sea facing terrace with unobstructed sea views over the Ocean complete with infinity pool and biofuel fireplace, not to mention a weather protected terrace that can be closed completely. Indoor/outdoor living is captured with both sides being able to open up completely and is further enhanced with the TV that acts as a mirror reflecting the space. The lower level consists of the two guest bedrooms.

Every element and corner of this home has been considered and designed carefully for those seeking the ultimate experience of pure designer luxury.
