The villa is split over two levels, with two bedrooms and the open plan living area on the first level and the third bedroom on the lower level of the villa. The living and dining areas of the villa are spacious and bright and decorated in natural and wood tones with modern chic decor, creating an airy, relaxed feel.

The living spaces flow seamlessly into a spacious terrace with an atrium-style glass roof and a dining table for eight, where you can dine al fresco on balmy summer nights. The terrace leads onto a wooden deck with a small plunge pool and unobstructed views of the ocean beyond.

Two bedrooms are located on the second floor with king-size beds, spacious en-suite bathrooms and access to the terrace and pool as well as a private balcony through floor-to-ceiling sliding glass doors. On the first floor of the villa is the third bedroom with a king-size bed and a separate bathroom, with vanity and a shower. This bedroom is naturally lit by a large window and has a spacious living area with a comfortable couch, a flat-screen TV and ample built-in wardrobes.
