Description

The magic of Africa comes alive at the elegant Ngala Safari Lodge, a timeless safari lodge ideally situated on a private concession in the highly acclaimed Kruger National Park. Situated in South Africa's largest and most famous game reserve in the world, Ngala Private Game Reserve offers not only one of the most incredible Big Five wildlife experiences in the world, but also an intimate experience across acres of wilderness land due to our exclusive traverse rights on 14,700.

Safaris are led by expert & BEYOND-trained ranger and tracker teams who ensure sensitive off-road practices to provide up-close game viewing of elephant, buffalo, rhino, lion, leopard, spotted hyena, giraffe and more. Hidden under a canopy of mopane and tamboti trees, Ngala Safari Lodge offers 20 classic thatched cottages, including three family cottages with interconnecting rooms and the spacious family suite. Each of the spacious and classic cottages with en-suite bathrooms exudes a romantic ambience with nostalgic safari memorabilia. Floor-to-ceiling glass windows make the most of sunny safari days, and a private veranda provides the perfect setting for intimate dinners. Family Cottages accommodate two adults and two children, while the spacious Family Suite also accommodates two adults and two children but includes access to a private swimming pool and use of a private vehicle. The lodge's swimming pool and sundeck overlook a natural riverine forest, ideal for avid bird watchers, while you can enjoy a tranquil massage sala and well-equipped gym between game drives.

Dinner takes place in a candlelit courtyard or is presented as an African feast in the open-air boma. Enjoy a variety of activities, such as twice-daily game drives with intimate wildlife encounters, interpretive bush walks, a rhino notching experience, or even a customized private safari tailored to your needs. During your stay, why not treat yourself and your partner to a magical night in our dreamy sleeping space under the stars, at the Ngala Treehouse Experience.
