Description

Finca Sa Fita is located near Palma on a plot of approx. 16,000 m² with extensive lawns and old fruit and olive trees. The property offers absolute privacy! At the saltwater pool, approx. 5 x 10 metres, there are enough sunbeds and parasols as well as a hammock for the afternoon siesta. Several outdoor dining areas and a BBQ invite you to dine al fresco and enjoy the beautiful scenery. In the garden there is also a fish pond and some sculptures by the Spanish artist Miguel Sarasate, who has lived on Mallorca for several years. From the finca there is a view of the island capital Palma and the impressive Sierra de Tramuntana.

The house itself is about 1,000m² in size, with numerous sitting and TV lounges and dining areas. There is high-speed fibre optic Wi-Fi available to guests, as well as a surround sound system and many international cable TV channels. The modern kitchen was only installed in May 2022.

All 7 bedrooms have air conditioning.
