Description

The Barefoot Beach House is a comfortable double storey residence located right against the scenic shores of the Atlantic Ocean. This extremely picturesque location, without a doubt, makes for the most dreamy holiday destination. Based in the coastal suburb of Bloubergstrand, the venue includes three wonderfully modern ensuite bedrooms with plenty of storage space and a very cosy atmosphere.

Despite its modest size, this incredible spot offers all the necessary features and amenities to make for an immensely satisfactory stay. The ocean-facing sunroom is the ultimate spot to enjoy a good read with a morning cup of coffee, while the refreshing outdoor courtyard presents ample opportunity to bask in the sun or enjoy a quiet yoga session. The master bedroom extends onto a gorgeous well-sized balcony that provides breathtaking views of Table Mountain and Robben Island. There are just so many different areas for comfort and relaxation within the house - this holiday mode activated.

The house itself is managed with the environment at the front of mind as recycling processes, solar panels and natural cleaning products are utilised to maintain its neat and tidy order. There is an underground parking bay available to guests as well as an on-street parking lot located nearby. Amongst all the wonderful amenities that this house has to offer, guests also have access to: a designated work station, lounge area, wood-powered fireplace and a fully equipped kitchen for those more laidback days.

With the seafront found right at your doorstep, morning beach walks can become a regular part of a guest's holiday routine. Enjoy the fresh ocean air, amazing seaside scents and soothing crashing waves which come together for a very special setting. Furthermore, the local favourite restaurant, Blue Peter, is located just a few metres away where guests can indulge in a seafood feast on demand while taking in Cape Town's astonishing sunsets. This is a one-of-a-kind destination.
