Description

Nestled in the wonderful mountains at the foot of the Tramuntana mountains, an oasis of peace has been created. Finca Rosaclara has been lavishly restored and manufactured with the finest materials and high-quality equipment. The result is a very special gem in the middle of nature and yet only a few minutes drive away from the hustle and bustle of beach life and coastal towns.

The wonderful symbiosis of modern materials and traditional finca style is more than successful here. Two trees line the steps from the living level to the pool terrace and provide shade on hot summer days. The large pool offers fun for young and old. Whether you are a family with children or a single traveler. Finca Rosaclara offers holiday enjoyment for connoisseurs.

The oversized pool with enough sunbathing areas on the terrace invites you to cool off. Various terraces and small retreats offer clutches to rekaxe.

In the main house there are 4 equivalent double bedrooms, each with bathroom en suite. Another lovingly and high-quality furnished apartment can be reached through a separate entrance in the adjoining building. Up to 10 people will find enough space here.

Specials

Finca Rosaclara connects with nature through a biophilic design, bringing more than just natural elements to the living space. The aim is to create and strengthen the connection with nature in order to maintain a positive influence on the mind and soul. All materials such as lighting, cushions, fabrics and design are designed to create well-being in harmony with nature.

On cooler days, a sauna is available and the in-house gym can keep you fit if you wish.
