Description

Villa Can Miquelet has stunning sea views and offers a successful combination of modern comfort and traditional Mallorcan charm. Framed by the picturesque mountain landscape of the Tramuntana mountains, it is enthroned like a small refuge at 85m above sea level on the west coast of Mallorca. It was designed with great attention to detail and extensively renovated with high-quality materials. A rural private road of about 2 miles winds its way up to the house in serpentine.

The exclusive location creates a unique oasis of peace and tranquillity, which blends gently into the natural beauty of the surroundings. An orchard with fragrant orange and lemon trees, a herb and vegetable garden completes the idyllic picture. The herb garden and fruit trees are completely at your disposal. The orange juice served in the morning comes from their own trees during the harvest season.

Can Miquelet, with its 4 bedrooms and 4 bathrooms, invites you to regenerate your body and mind, offering time and space for a relaxing holiday. The daily continental breakfast, including groceries and service, except on Sundays, allows you to start the day relaxed. The property is not only an oasis of relaxation in summer, but also in winter it radiates a welcoming warmth equipped with its 2 fireplaces and underfloor heating.
